

Teacher Guide

1 Register as Teacher

- 1 Open the app URL on your phone or computer
- 2 Click 'Get Started' button on the home page
- 3 Select 'I'm a Teacher' tab at the top
- 4 Fill in: Full Name, Username (e.g. mrravee), Phone Number
- 5 Set a password (minimum 6 characters)
- 6 Click 'Create Account' — you'll land on your dashboard

Tip : Use a simple username. Once registered, you can always log in with your username and password.

2 Create Your First Test

- 1 Click 'Create Test' in the left sidebar
- 2 Enter a title (e.g. 'Chapter 3 Algebra Quiz')
- 3 Set duration in minutes (e.g. 30 minutes)
- 4 Click 'Add Question' to add questions
- 5 Choose question type: MCQ, Numerical, or Descriptive
- 6 For MCQ: add 4 options and tick the correct answer
- 7 Add marks for each question
- 8 Click 'Publish Test' when ready — students will see it immediately

Tip : MCQ and Numerical questions are AUTO-GRADED! You only manually grade Descriptive answers.

3 Take Digital Attendance

- 1 Click 'Attendance' in the sidebar
- 2 Click the 'Generate Code' button
- 3 A unique code appears on your screen (e.g. MATH42)
- 4 Show or announce this code to students in class

- 5 Students enter the code in their app to mark present
- 6 You can see who has marked attendance in real-time
- 7 Set an expiry time so only present students can mark it

■ The code expires after the time limit — no proxy attendance possible!

Tip
:

4 View Results & Grade Answers

- 1 Click 'Manage Tests' in the sidebar
- 2 Find your test and click 'Evaluate'
- 3 MCQ answers are already graded automatically
- 4 For Descriptive answers: read the student's response
- 5 Enter marks manually and optionally add a comment
- 6 Click Save — students see updated results instantly
- 7 Use 'Analytics' to see class performance charts

■ Add comments on descriptive answers to give students helpful feedback!

Tip
:

5 Run a Live Quiz in Class

- 1 Click 'Live Session' in the sidebar
- 2 Choose activity type: Quiz / Poll / Word Cloud / Q&A;
- 3 Type your question and answer options
- 4 Click 'Launch' — the question appears on students' phones
- 5 Watch live results update as students answer
- 6 Click 'End Activity' and launch the next question
- 7 Perfect for warm-up questions or revision sessions!

■ Ask students to open 'Live Quiz' in their app before you start — they'll see questions automatically!

Tip
:

6 Upload Study Materials

- 1 Click 'Materials' in the sidebar

- 2 Click 'Upload Material' button
- 3 Select a PDF, PPT, or video file from your device
- 4 Enter a title and the chapter name
- 5 Click Upload — students can access it anytime
- 6 Materials are organized by chapter for easy navigation

■ Students can download materials on their phone for offline revision!

Tip
:

7 Answer Student Doubts

- 1 Click 'Doubts' in the sidebar
- 2 You'll see all questions students have posted
- 3 Click any doubt to read the full question
- 4 Type your answer in the text box
- 5 Optionally attach an image with your answer
- 6 Click Submit — the student is notified
- 7 Click 'Resolve' to mark the doubt as answered

■ Students can attach photos of their notebook — great for showing where they got confused!

Tip
:

8 Post Announcements

- 1 Click 'Announcements' in the sidebar
- 2 Click 'New Announcement'
- 3 Enter a title and message for students
- 4 Choose priority: Normal, Important, or Urgent
- 5 Click Post — all students see it on their dashboard
- 6 Use for test reminders, schedule changes, or updates

■ Students see your announcements the moment they log in!

Tip
:

■■■ Student Guide

1 Register as Student

- 1 Open the app link your teacher shared with you
- 2 Click 'Get Started' on the home page
- 3 Select 'I'm a Student' tab
- 4 Enter: Full Name, Username, Phone Number
- 5 Optionally enter your Student ID and Batch/Class
- 6 Set a password and click 'Create Account'
- 7 You'll land on your personal Student Dashboard

■ **Tip**
: Use your roll number as Student ID so your teacher can identify you!

2 Take a Test

- 1 Go to 'My Tests' from the sidebar or dashboard
- 2 You'll see all tests your teacher has published
- 3 Click 'Start Now' on a currently available test
- 4 The test opens in fullscreen mode with a countdown timer
- 5 Answer all questions — you can navigate between them freely
- 6 Click 'Submit Test' when you're done or when time runs out
- 7 Your score for MCQ questions appears immediately!

■ **Tip**
: Don't switch browser tabs during the test — your teacher can see how many times you switched!

3 Mark Your Attendance

- 1 Go to 'Attendance' from the sidebar
- 2 Your teacher will announce a code at the start of class
- 3 Type the code in the box (e.g. MATH42)
- 4 Click 'Mark Present' — a green tick confirms attendance

5 You can see your attendance percentage anytime

6 Attendance below 75% will show a warning

■ Mark attendance quickly! The code expires after class ends — you can't mark it later.
Tip
:

4 Join Live Quiz in Class

1 Go to 'Live Quiz' from the sidebar during class

2 You'll see 'Waiting for teacher...' — stay on this screen

3 When teacher launches a question, it appears automatically

4 Tap your answer quickly — faster answers score better!

5 For Word Cloud — type a word that comes to mind

6 For Q&A; — type your question anonymously

7 Results appear live after everyone has answered

■ Keep the Live Quiz screen open during class — questions pop up automatically!
Tip
:

5 View Your Results

1 Go to 'Results' from the sidebar

2 You'll see all your past test scores listed

3 Click any result to see the full breakdown

4 Green highlight = your correct answers

5 Red highlight = wrong answers with the right answer shown

6 See your teacher's comments and feedback

7 Check your class rank for each test

■ Focus on questions you got wrong — they show exactly what to revise!
Tip
:

6 Download Study Materials

1 Go to 'Materials' from the sidebar

2 Materials are organized by chapter

3 Search by name or filter by type (PDF, Video, PPT)

4 Click 'Download' on any material to save it

5 Click 'Watch' to view videos directly

6 Access materials anytime — even outside class hours

■ Download materials to your phone so you can study offline without internet!
Tip
:

7 Post a Doubt

1 Go to 'Doubts' from the sidebar

2 Click '+ Ask Doubt' button

3 Enter a clear title for your question

4 Describe your doubt in detail in the text box

5 Attach a photo of your notebook if needed

6 Mention the chapter name

7 Click Post — your teacher will answer soon!

8 You can also upvote other students' doubts

■ Be specific in your question — mention which step you got confused at for faster answers!
Tip
:

8 Earn XP & Climb the Leaderboard

1 You earn XP points every time you submit a test

2 More marks = more XP earned

3 Level up: Beginner > Intermediate > Advanced > Expert

4 Go to 'Leaderboard' to see your class rank

5 Your teacher can award special badges for achievements

6 Check 'Analytics' for your chapter-wise performance chart

7 See which chapters need more practice

■ Attempt all tests — even practice tests earn you XP and help you climb the leaderboard!
Tip
:

■ Quick Reference Card
